# THE FDJ DENIM *STATE* OF *MIND*

---

We're a Montreal-based fashion brand.

Creating high-quality ready-to-wear with exceptional fit for over 40 years.

We're proud to be an all-women team dedicated to catering to the needs of real women and their modern, busy lifestyles.

Our goal is to provide fashion that empowers women and helps them express their individuality without sacrificing comfort for style.

*Female empowerment is our policy at FDJ.*

## DIVE INTO OUR DENIM WORLD.

Instead of limiting all women to the same pair of jeans, ours come in all shapes and sizes - each with a distinct silhouette and style. We aim to celebrate our differences and beauty with four signature fits.

# MADE FOR ALL.

### SUZANNE

#### THE STRAIGHT

Made for women with straight hips and smaller curves.

### PEGGY

#### THE CURVY

Made for women with a defined waist and broader hips.

### OLIVIA

#### THE HOURGLASS

Made for women with balanced hip-to-waist ratio proportions.

### CHRISTINA

#### THE LIFTER

Made for women with slender hips, who need extra room in the rear.

# HOW TO CARE FOR YOUR DENIM

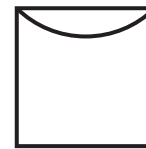

---

## WASHING INSTRUCTIONS

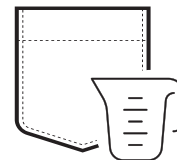

A LITTLE BIT OF DENIM MAGIC GOES A LONG WAY

Turn jeans inside out and machine-wash in cold water on a gentle cycle using mild detergent.

Hang jeans, smooth out any wrinkling and allow to air-dry.

Woes of dark denim bleeding dye?  
Let your jeans take a luxurious 30-minute soak, then rinse and let them air-dry. Grab a bathtub or a bucket, pour in enough cold water to fully submerge your jeans, and sprinkle in 1 cup of white vinegar.

## 5'4" OR SHORTER

- Relaxed fit fabric
- Fine, soft yarn, makes for a nice dark wash

\* Available in various silhouettes and leg styles

## WAIST

Measure the smallest part of your torso. Make sure to measure your body, not over your clothes.

## HIPS

Measure the hips at the fullest part, usually around the seat.

## INSEAM

Measure inside the leg from the crotch seam to the ankle bone/floor.\*

# HOW TO MEASURE

### MEASURE YOUR WAIST

Locate your natural waistline, the narrowest part of your torso between your ribs and hips. It is typically located just above your belly button. Maintain a relaxed posture while leveling the tape around your waist.

### MEASURE YOUR HIPS

Wrap a flexible measuring tape around the widest part of your hips, ensuring it is parallel to the floor, to accurately measure your hip circumference.

### MEASURE YOUR INSEAM

To measure your inseam, take a measuring tape and measure from the inner crotch seam to the bottom of your ankle bone/floor\* while standing upright with your legs slightly apart.

\*For ankle length, measure to your ankle bone. For full length, measure to the floor.
